St Leonards 2065

14 November 2023

To the Presiding magistrate

My name is Jean Turner and I am a teacher at St Leonards Tafe.

I am aware that Scott Stewart I got pulled over last Tuesday the 31st, for speeding in a school zone. This led to a roadside drug test that he failed. He had consumed methamphetamine two days previously.

I have taught Scott in 2023 at St Leonards Tafe in the TPC course , studying the unit TPCHMN002 Examine Human Rights issues. He has been an exemplary student and has received the mark of 94/100. He also came to and from Tafe by train. He always was punctual and conscientious and was a valuable contributor in class.

Scott has said how disappointed he is in himself and in committing these offences. As a result he is beginning drug counselling at the Hornsby Drug and Alcohol Clinic from 20 November 2023 and has booked into the PCYC Traffic offenders Intervention Program , first session beginning 21 November 2023.

I believe Scott sincerely regrets his speeding and drug involvement. I ask that the court consider this reference.
